Multi Function Tiller Handle Kit

Multi Function Tiller Handle Kit

1. Ergonomically designed shift lever offers smooth shifting for convenience and comfort.
2. Warning lamp included: Oil Level, Engine Temperature, Battery. (Available for MD40/50/MFS40/50A/60A)
3. Conveniently positioned power tilt and trim switch allows easy access.
4. Longer throttle grip with 110 degrees rotation for easier maneuverability.
5. Battery cable holder equipped for convenience and comfort rigging.
6. Key switch locates where easily accessible by the operation hand.
7. Engine stop lanyard switch positioned not to interfere with tiller operation.
8. Throttle friction allows fine-tuning of the tiller for comfort.
9. Steering Co-Pilot allows fine-tuning the of tiller for safety.
10. Utilizing the same wiring harness of remote control for quick and consistent rigging.

Safety Lanyard Cords are designed to shut off your outboard in the event the operator falls overboard (lanyard must be properly connected to both the outboard and the operator). Without this important safety feature your outboard would continue to run, without you at the controls. This item is necessary to start your outboard.
